ArtScan at a Glance summarizes state policies for arts education identified in statute or administrative code for all 50 states, plus the District of Columbia and the Department of Defense Education Activity. Information is based on a comprehensive search of state education statute and codes on each state’s relevant websites. Complete results from this review are available in an online searchable database at aep-arts.org.

**Note:** This summary only includes policies found in state statute, law or administrative regulations that refer explicitly to arts education. Statutory language includes policies enacted through the state legislative process. Regulations include policies from state regulatory, code or agency requirements. In some cases, budgetary language is included if the policy is included in legislatively enacted funding.

ArtScan, a project of the Arts Education Partnership, is an easy-to-use and searchable database that provides the most current information on 13 combined policy areas related to K-12 arts education. ArtScan allows users to explore the data in multiple ways, including a state-level profile for all policy areas, a comparison of selected states and policy areas and several types of 50-State Comparisons.

AEP is grateful for the partnership of the State Education Agency Directors of Arts Education in support of this project. AEP has been supported by the National Endowment for the Arts and the U.S. Department of Education since 1995, and is administered by Education Commission of the States.
