ArtScan at a Glance summarizes state policies for arts education identified in statute or administrative code for all 50 states, plus the District of Columbia and the Department of Defense Education Activity. Information is based on a comprehensive search of state education statute and codes on each state's relevant websites. Note: This summary only includes policies found in state statute, law or administrative regulations that refer explicitly to arts education. Statutory language includes policies enacted through the state legislative process. Regulations include policies from state regulatory, code or agency requirements. In some cases, budgetary language is included if the policy is included in legislatively enacted funding.
